

PROJECT SIX:

Book Cover

Design the front cover of either a classic book or an online magazine. A screenshot or saved image should be fine for this project (printing is not necessary). Focus on characterizing the spirit of the book or issue in your design.

Send your final project in high resolution along with any additional information (ex: summary, links, etc) you'd like to add to: projects@workforwork.net. This will be due October 28th, 2010. We're sorry but we can not accept any submissions afterwards.

TIP: If you're working with large file sizes, I recommend grabbing a free [dropbox.com](https://www.dropbox.com) account so you can send it to me as a link instead of an attachment (still working on a better solution to this).

DESIGNER QUOTE:

A good concept is the fruit of analytical, as well as intuitive, process.

—*Fang Chen, poster artist and instructor*
